### Meeting date change

Because of the holiday Monday, September 7, the regular meeting of the Upland City Council has been postponed to Tuesday, September 8, as provided by California Code.

### Playboy bunnies will abound

The Citrus Belt Fireman's Association will stage its second annual softball game against the Los Angeles Playboy bunnies, reports John Lombardo, president of the association, at John Galvin Park, Ontario, Wednesday, Sept. 16, at 8 p.m.

Entertainment at the event will include a live band, an exhibition of slow pitch baseball and, of course, bunnies everywhere.

The Citrus Belt Fireman's Association is comprised of fire departments within San Bernardino and Riverside counties, including the Upland, Montclair, Cucamonga and Alta Loma Fire Departments.

Donation for the softball game will be \$1.50 for adults, 75¢ for children under 16 and infants admitted free of charge. Tickets may be obtained at the local fire station. Proceeds will be used for charitable donations.

### Schools open Sept. 14

Upland schools open Monday, Sept. 14, and the district expects an enrollment of 6,100, down from last year. In-service week will start the school year for the teachers on Sept. 9, 10 and 11. The turnover in teaching personnel has been one of the lowest in the history of the district, James Smith, acting superintendent said.

People who are new to the district may register at their neighborhood schools after Aug. 24. Information may be obtained at the district offices, 904 W. 9th St., or by calling 985-1864.

Upland High School anticipates an enrollment of 2,800 with no major changes in boundary lines planned for this school year, officials said.

Students who are new to the district are asked to go to the high school office to register. Ron Scott is in charge of registration of new students. His hours are 7:30 a.m. to 4 p.m. daily. New students are asked to bring a copy of the birth certificate.

### Joint meeting set

UPLAND -- A joint meeting of the City Council and the Parks and Recreation Committee will be held on September 28. The meeting has been set in an attempt to settle some difficulties facing the committee at this time.

### Public hearing Sept. 8

The City Council of Upland will hold a public hearing on Tuesday, September 8 at 7 p.m. in the Council Chambers to consider a request for a live entertainment permit at the Eden East Cafe, 843 East Foothill Boulevard.

### Starts September 1

## Upland school supt. states future aims

By MARCELLA CASE

"My basic hope here in Upland is to provide the type of school system desired by the people of Upland and my major task will be to set about and determine just what is wanted," stated John H. Rodriguez, new superintendent of the Upland Elementary School District.

Rodriguez, who will officially take over duties on September 1 as chief administrator of the School District, intends to call a number of small group meetings involving parents in order to better understand the needs of the District. "I will be most available to parents and teachers should any question arise," said Rodriguez, "but I would of course hope that principals of local schools would provide opportunities to resolve any particular situation first. I envision my role here as an educational advisor to the School Board, staff and community," he concluded.

The new superintendent is married and he and his wife, Marjorie, have two children; Mark, a high school student and Christine who attends Grossmont College in San Diego. At present their home is in Rialto, but the family intends moving to Upland as soon as possible.

The new superintendent replaces Vern H. Orum who was dismissed earlier this season. The new administrator's salary will be \$23,500 annually.

Rodriguez was born in San Diego and was graduated from La Jolla High School. His academic degrees include a B.A. from San Diego State College in 1953 in Education; M.A. from Claremont Graduate School, 1959, Education; Ph.D. (all but the dissertation) from Claremont Graduate School (Education Adm.).

Rodriguez taught sixth grade for one year for the Apple Valley School District; Rialto School District; grades 3, 5 and 6 for three years; math for the educationally handicapped, grades 10 and 11 for one semester.

This was followed by teaching at the San Francisco State College, Workshop for Teachers of Mentally Retarded, S.S. 1960; the University of Redlands, instructor in education: Modern Math, S.S. 1963; organization and administration of elementary schools, 1 year, 1963-64; fieldwork in school administration, 1 semester, 1965.

Rodriguez also was staff associate, supervisor and instructor of Secondary School Interns in mathematics at the Claremont Graduate School during 1969-70; instructor of Math Theory, Elementary School Interns, spring semester and S.S., 1970.

Rodriguez was principal of the R.E. Watts Elementary School in Rialto for four years; principal of the W.A. Myers Elementary School in Rialto for seven years; principal of the G.H. Dunn Elementary School, Rialto for 1 1/2 years and assistant director, Program for Careers in Urban Education.

Rodriguez holds professional certificates for General Administration, Life Diploma, General Secondary; Life Diploma, Secondary Administration; Life Diploma, General Elementary and Life Diploma, Elementary Administration.

## "Finger-lickin'" barbecue to aid Lions Club community projects

### Too many cooks won't spoil this broth!

Everything is in readiness for the "finger-lickin'" barbecue to be held on Sunday, August 30, at Memorial Park, sponsored by the Lions Breakfast Club as a community service benefit. A crowd of 500 is expected to take part in the fun-filled event

which will be featured from 4 to 7 p.m. in the Atwood Kitchen area of the park. Shown from left are Earl Bennett, Ed Smothers, Roger Olsen and Walt Sebesta, who are trying their culinary skills in preparation for the feed.

## Expect 500 to attend Upland Park benefit

UPLAND -- Approximately 500 are expected to turn out for the "finger-lickin'" barbecue in Upland Park, August 30, hosted by the Upland Lions Breakfast Club.

Chicken, hot from an open fire pit, and corn on the cob, fresh from the field, will be featured from 4 until 7 p.m. in the Atwood kitchen area. Completing the menu will be potato salad, rolls and butter, ice cream and beverage.

William A. Birkes, president, stated that proceeds from ticket sales at \$2 for adults and \$1 for children under 12 will be applied to the organization's community services program. He noted that the program is traditionally related to eyesight conservation, but he indicated the club helps such projects as City of Hope, March of Dimes, Upland Boys Club, Girls Club of Upland, Guide Dog Foundation for the Blind and Little League.

"The idea of this barbecue is to build up our resources so that

we can offer more help to these worthy projects," Birkes said. Co-chairing the barbecue committee are Ken Hinrichsen and Roger Olsen. Don Stone and William Milton are in charge of ticket sales and Ray Stump is arranging for entertainment.

At the barbecue itself, Frank Tundis and Pete Ticich will be in charge of the fire pit while Earl Bennett coordinates the corn detail. Others serving on committees include Jim Blackburn, publicity; accounting, Dale Casper; corn preparation, Earl Bennett, Earl Ammons, Bill Birkes, Bill Isaacs, Jim McDaniel, Howie Gielow, Larry Lovelady and Roger Olson.

Earl Bennett, Al Stremmel and Ray Stump are in charge of corn cooking and responsible for chicken baking and bakery clean-up are Joe Cleveland, Walt Sebesta, Bill Gaudlitz and Aims Lenkey. Frank Tundis, Pete Ticich and Kats Shiba are in charge of the cooking at the park while inside serving will be arranged by Ken Asper, Jim McDaniel and Ken Hinrichsen.

Outside seating will be handled by Ed Smothers, Bill Isaacs, and Pete Smith, Bill Birkes and John Tundis will be in charge of beverages.

## Local group forms

An outgrowth of the Citizens Committee to study financial problems of the Upland School District has resulted in formation of a new group.

The old committee was disbanded in April and the new committee has held two meetings so far. They will be known as The Taxpayers Association of Upland.

The reason for the new committee is too many unanswered questions, the group says. They are especially concerned in the field of finance and in the re-negotiation of Vern Orum's contract, former superintendent, who is holding a one year contract in the district and another contract in the Barstow School District. The group feels the board of trustees have acted irresponsibly in negotiating his contract.

Their stated goals are:

1. To promote taxpayers' awareness and interest in sound local government.

2. Investigate, encourage, and demand fiscal responsibility by local elected and appointed officials.

3. To solicit and endorse candidates for local office who will actually represent the taxpayer.

The group will hold its meetings the Tuesday before the regular school board meeting, which makes it the first Tuesday of the month, at 7:30 p.m., in the meeting room of the Upland Lumber Co., 85 N. Euclid Ave.

The next meeting will be held Tuesday, September 1. The public is invited to attend.

It has been almost a quarter of a century since Clement Atlee, the Labor prime minister who defeated Winston Churchill for election, presided at the beginning of the dissolution of the British Empire.

With the surprising return of the Conservatives to power, England starting the long road back probably will find once again that all of the king's horses and all of the

## 'England swings like a pendulum do'—and it does

king's men can't put Humpty Dumpty together again!

The knowledgeable Briton compares the government change to the swaps in the U.S.A. from Truman Democrat to Eisenhower Republican, return to Democrats and the more recent swap back to Republicans. When questioned, I had to admit there had been little change in direction or administration since Eisenhower took office in 1953.

Labor has already served notice they will not permit the new government to restrict their privileges regardless of laws that might be passed.

Entry into the European Common Market will be difficult at this late date and certainly the Tory promise to maintain armed forces in Asia is backed only by the paper tiger facts of a non-descriptive army and a depleted treasury. So in spite of an ambitious oral program, things will probably remain the same.

Such stability in the Royal Family is not so certain. Unpublished gossip anticipates at worst a divorce and at best a separation with a British film director replacing the erstwhile photographer in high places. Not since 1936 when King Edward VIII became the Duke of Windsor have prospects been so good for another throne-shaking scandal. But a monarchy that has survived a Henry VIII as well as a George III can certainly be expected to handle smaller problems.

And there is much sympathizing with Vice President Agnew's attack on the American press and TV networks by the average Britisher who also feels he has been led up the garden path by prejudiced press and pre-election polls.

Labor blames the poll predictions of their overwhelming victory as the cause for complacency that kept the labor vote home on election day. Unfortunately for Fleet Street, the Conservatives

do not give the press credit for the victory, so the columnists and political writers are attacked from all sides—a normal state of affairs on both sides of the Atlantic!

To the casual visitor, England has become more and more Americanized in the last year. Telephone service is almost as bad as New York; mail that used to be delivered across town in hours now takes days; and yesterday as the hotel headwaiter explained a delay in service, I tried to return his courtesy by saying it was all right since I had no pressing appointments. His reply: "Yes, but I have -- I was supposed to be off thirty minutes ago!"

It was almost like being home again!

## A race to nowhere

It is hoped that by the time the Ontario Motor Speedway opens the "bugs" will be ironed out of the whole operation.

If Saturday's Mayors Breakfast is any indication of the efficiency of the track, they can pack it up and take it back to "Indy".

The morning started out under the sun and the day ended under the sun, what transpired in between is a series of follies.

The breakfast was disorganized and officials of other towns were shuttled here and there and even movie star dignitaries had a hard time finding their places.

Then there was a long delay in serving the breakfast and long speeches that matched the heat of the day.

Finally, everyone was instructed to get into the caravan to go to the speedway for the lap around the track, promised on the ticket. Track officials do not know what California freeways are like and so we all inched our way along. At least at the end of the traffic jam was the thought of a lap around the famous track.

This never materialized either, for many people, because after "Hiz-zonor," the Mayor of Ontario, completed his lap, the gates were closed and all who were in the caravan could just forget it.

They were told to go to the parking lots and walk their way to the stands. The parking lots seemed to be in east Upland. Many faces wore disappointment as they began the long trek to the stands.

Once in the stands we of the press were hassled by the guards who thought that press boxes were too sacred to enter. Even the president is easier to see than their press boxes.

After the guards did "their duty" and got everyone to sit down, the spectators were treated to a one man pace car field trip as the steward ran around the track checking lights and other things that might disturb the drivers.

I haven't seen so much temperament since someone stepped on my Siamese cat's tail when he was eating lobster, his favorite dish. After 70 minutes of silly ribbon cutting and remarks by a tired emcee, the steward said the drivers could go.

Everyone expected the roar of the motors, the smell of the dust. Ha, one, yes I said one, yellow race car went around the track twice and then pulled in for a pit stop. A swarm of mechanics went over the car, a swarm of people went to their cars.

The public is completely isolated from the action by walls and tunnels, even the winners' circle is out of public reach. It is a spectator sport that's for sure.

If this is what it's going to be, take me to the nearest football field—I'll leave the driving to "Indy."

## Unusual task performed by Police-Fire depts.

UPLAND - The Police and Fire Departments of a city sometimes have unusual missions to perform. Recently the Upland crews were called by San Antonio Hospital and officers were asked to recover the severed finger of a 2 1/2 year old child and rush it to waiting doctors at the hospital.

Officers assisted by Fire Department personnel, disassembled an air conditioning unit at the child's home and recovered the finger which had been cut off when the child stuck his finger in the appliance. Police rushed the finger to the hospital where it was turned over to doctors.

## Traffic jam control

Upland - According to City manager, Elwin Alder, plans have been solidified to control the volume of traffic expected through the City as a result of the Ontario 500 race on September 6. It is anticipated that the traffic can be handled with a minimum of inconvenience to the citizens of the community.

Water mains constructed as part of Project

113-70-10 west of Benson and south of Foothill boulevard are completed according to Alder, tested and accepted by the City. Paving repairs and clean-up operations are continuing.

The Upland Police Officers have received the "Outstanding Achievement Award" in three of the last four Basic Training Academies held in San Bernardino.

## Casin' the West End

— by Marcella Case

The first day on the job for an editor new to the community can be, to say the least, a very interesting experience. Struggling over phone books for addresses of City Hall, Police Dept., schools, etc. is really not much help when I don't know where the streets are! Find my way by reading a map, you say? Heavens, I've never been able to read a map. I have what my husband used to call a mental block about maps and directions.

But, somehow, although I might have to make a few detours, I'll most assuredly find the place I am looking for and usually discover other points of interest along the way.

I have been assigned as editor of the Upland News and Cucamonga Times and I hope all of you good citizens will come to my rescue and call me or better yet, drop in and say hello.

As your new editor, I hope to serve you, by bringing to you as much local news and feature stories as possible each week in our publications.

Even though I just about finding my way around Upland and Cucamonga, I am really no stranger to the area. I have lived in your neighboring city of Ontario since 1946 and can remember the good old days when we weren't complaining about smog, but were plagued with smudge.

Associated with Bonita Publishing Company for the past four years, I have just been transferred here from San Dimas and LaVerne and am looking forward to meeting all of you.

Some of you may remember my husband who is now deceased; Roy B. Case. He was very much involved in political and civic affairs of Ontario for many years. I have two wonderful daughters, Patti and Diane, both of whom are married, and I am the grandma of four adorable grandchildren.

This is just a glimpse into my background. I hope that in the time ahead we will become much better acquainted. Do call me for news or picture appointments at 982-1385 Monday mornings, Wednesdays, Thursdays and Fridays. On Monday afternoon and Tuesdays, I can be reached at 626-2465. I'll be waiting to hear from you.

## Dr. C. M. Russell on extended tour

UPLAND - Dr. C. Mervin Russell, president of World Gospel Crusades, left Upland on Tuesday, August 18, for a five-week extended tour that will take him around the world in a series of speaking engagements. Dr. Russell's first major stop will be in the city of Pusan, Korea, where he served as the main evangelist for the Korea Evangelistic Crusade held in the Pusan Stadium on August 23 through 30. Following his meetings in Korea, Dr. Russell proceeded to South Vietnam, where he will travel as an official correspon-

dent for the Evangelical Press Association, covering religious aspects of the present war. Dr. Russell will be met in South Vietnam by his son, Mervin, who is presently serving in the artillery with our American military forces there. Included in this trip will be visits to the hospitals and a rendering of a ministry among the servicemen in that war-torn land. From South Vietnam, Dr. Russell will journey to Indonesia to consult with key evangelical leaders concerning a program to place a Gospel of John in every home in that land.

## Babblin' Brooks

— By Jannlee Brooks

THIS 'N' THAT . . . Babblin' Brooks is back in time to say "goodbye." I'm leaving my editorship of the Times to take a parttime position in the production department of Bonita Publishing Co. I came to the Times nearly a year ago -- a total stranger to the Alta Loma-Cucamonga community. A total stranger to the wants and needs of community residents, as well as to the workings of county government, special districts, etc. I fell in love with the area and the people. As the love affair grew, it was carried home to my husband in the form of newsy tid-bits about the area. He, too, fell head-over-heels -- and we found ourselves engrossed in the area. So much so, that when we decided to buy our first home, we located in Alta Loma.

Marcella Case is now at the helm of the Times. She was the editor of the San Dimas Press and the La Verne Leader. Residents in those communities issued vociferous complaints when Marcella left. She is well qualified, capable and willing, and, needless to say, overwhelmed by our community. Please extend to her the courtesy and warmth I know you're capable of giving. Phone her with any little bit of news (982-1385). She'll appreciate it . . .

POSTSCRIPT . . . And finally, I leave you with a thought -- the very thought I have been trying to convey to the community throughout the last year. It is reprinted from the Kiwanis Club's bulletin, the Grapevine:

"This is a great age for organizations. Somebody has an idea and a group bands together. The 'organization' is formed. Regardless of the type of organization, there are usually four kinds of members:

1 -- Wishbones -- people who spend their time wishing somebody else would do the work

2 -- Jawbones -- people who do all the talking but very little else

3 -- Knucklebones -- people who knock everything that everybody else tries to do

4 -- Backbones -- people who get under the load and do the work

"It's unfortunate that the same definitions can apply to members of a community. There are always the wishbones, jawbones, and knucklebones. And, of course, there are the BACKBONES, the people who really get out and work, the people who never say NO when asked to help regardless how busy they are. Fortunately there are few people. Unfortunately, the number of people in this category are much too few . . .

## Upland church site for wedding

Mrs. Roger Laverty

UPLAND—Melinda Hodel, daughter of Mr. and Mrs. Mel E. Hodel of 1388 N. Euclid, Upland, became the bride of Roger Montgomery Laverty, III, of Santa Monica, on August 8. The double ring vows were exchanged at the First United Methodist Church of Upland with the Dr. Richard T. Knowles officiating.

The church was beautifully decorated with white tapers in candelabra, with large arrangements of gladioli, stock and white mums. Tall candlesticks graced the aisle posts, enhanced with greenery and pink and white carnations.

The bride selected a floor length white organza gown of medieval design, banded from neck to hem in Venice lace. Long full sleeves and a chapel train completed her ensemble. Her short, bouffant illusion veil was held by a band of flowers that framed her face. She was given in marriage by her father.

Serving as maid of honor was Miss Janice Stamm of Upland. She wore an empire gown with a white lace bodice and pink crepe skirt, and carried a bouquet of pink roses tied with a cerise colored velvet ribbon.

Bridesmaids were Miss Hilary Hutton of Upland; Mrs. Max Jack of Palo Alto; Miss Kathy Hunt, also of Palo Alto; Miss Dana Brooks of San Marino; Miss Teresa Gady of Huntington Beach and Miss Janis Laverty of Santa Monica. Their ensembles were fashioned after that of the maid of honor.

Candlelighters were Douglas King and Michael

Talmadge, who also served as ushers. Best man was Patrick Laverty, brother of the groom and other ushers were Lunsford Laverty, cousin of the groom; Geoffrey Grabenhorst and Bill Spurgin.

Mrs. Carl Hess was organist for the wedding. A champagne reception was held at the Oriental Garden, Scripps College, Claremont. Miss Mary Laverty, sister of the groom, circulated the guest book while Mrs. Murray Jarvis, aunt of the bride; Mrs. Frank Appelquist and Mrs. Arthur Dunaway served refreshments.

The couple will reside in Palo Alto, California after September 5. The bride will be a senior at Stanford University this fall and is a graduate of Upland High School.

The bridegroom is a 1969 graduate of Stanford University, currently a second-year student at Stanford Law School.

## AFS student in festival

Patty Bescoby

and is spending a year as an exchange student at the Oranje Girls' School in Bloemfontein.

Flute playing comes as second nature to Patty, having played the flute for the past five years. She has had group lessons as part of the school program while playing in the school band. She also took private lessons as well. She also belonged to a music group for which she played an occasional solo, but had not as yet played anything competitive or with piano accompaniment before. She is under the instruction of Toon van Dongen.

While in South Africa, Patty is residing in the home of Mr. and Mrs. P.F.C. Smith. During a recent Rotary Club meeting in Bloemfontein, Patty told members that she was "pleasantly surprised to find how wrong many of her ideas were about life in South Africa."

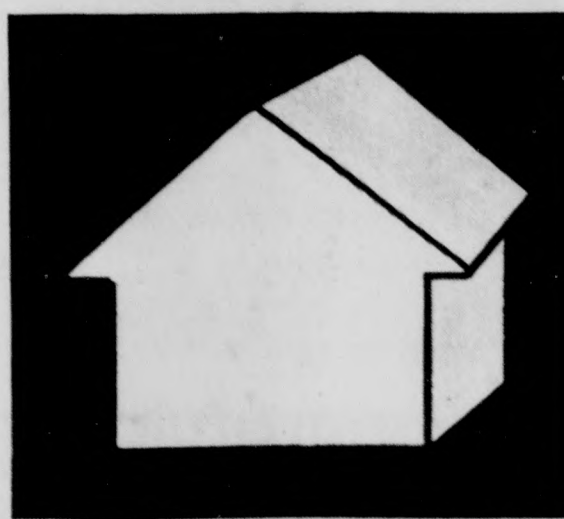

She explained that prior to her arrival, she expected to find strict customs, censorship, backwardness in some of the arts and a conservative way of life. Instead, she told Rotary members, she found people acutely aware of world happenings, no sign of cultural depression, exciting interest in sports, interesting educational systems and schools, a way of life and liberal ideas about many things.

Badminton said that he had not heard such good flute playing from anyone of any age for years. During the concert, Patty played Concertino by Chaminade and was awarded an "A" symbol.

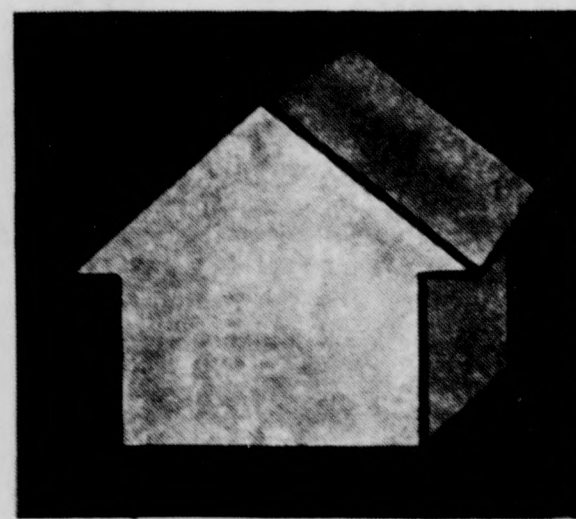

Patty, the daughter of Dr. and Mrs. Alan Bescoby of Mt. Baldy, attends Upland High School

Volunteers are asked to bring a sack lunch. Dessert, coffee and tea will be furnished. Mrs. Dale Gross, chairman, announced that 36 volunteers were present at the August meeting and finished 1,064 dressings which were delivered to the American Cancer Society of Ontario for distribution to cancer patients.

# 56¢ a week more puts you in the white house.

All-Electric

Gas

You deserve the comfort of an all-electric Medallion Home. And for an average of only 56¢ a week more in utility bills you can have it.

The cost of electricity for the average all-electric Medallion Home is only 56¢ a week more than the cost of both gas and electricity for the typical home using gas. (Established in a survey of more than 8,000 homes. Bills were typical of a family of four living in a 3-bedroom home.)

Half the homes surveyed were all-electric Medallion Homes, where everything was run by electricity — no gas. Electric cooking. Electric heating. Electric water heaters.

The other half of the homes surveyed used gas.

Here are the findings:

	ALL-ELECTRIC HOMES	GAS HOMES
Average Weekly Cost of Electricity	\$5.44	\$2.61
Average Weekly Cost of Gas	—	2.27
Total Weekly Cost — Gas and Electricity	\$5.44	\$4.88
Extra Weekly Cost of All-Electric Homes	.56	

Wouldn't you prefer a clean, cool, flameless electric kitchen? A quiet, clean, space-saving electric water heater? Flameless electric heating with room-by-room temperature controls? An all-electric Medallion Home has them — plus built-in provisions for the all-electric future.

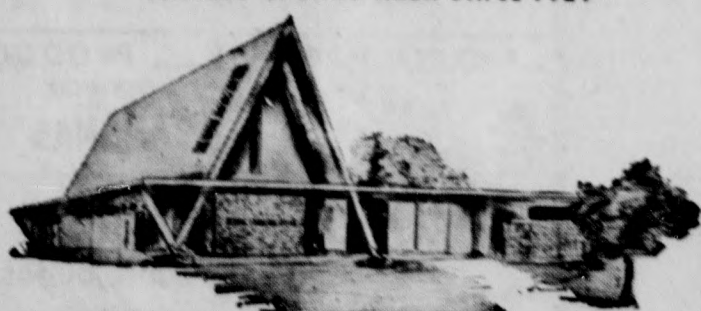

For the good clean life — live electrically. It's more than worth the 56¢ a week.

## Baldy ski lifts to be improved

SAN BERNARDINO -- Officials on the San Bernardino National Forest announced a decision to approve an extension of the existing Baldy Notch-Devil's Backbone Ski lift to Stockton Flats.

Forest Supervisor Don R. Bauer stated that his decision to approve 'Lift 1-A' of the proposal was based on field study findings and recommendations, the information received during testimony given at a public meeting June 17 this year, and careful review of more than 500 letters from interested groups and individuals. He noted that stringent safeguards will be applied to protect the habitat of the Bighorn mountain sheep.

A proposal to build a restaurant atop 10,000 ft. Mt. Baldy was rejected until further ecological studies for development of the summit area can be made.

The Forest Service has been reviewing the two-stage development proposal submitted last year by Charles Lewsadder, President of Mt. Baldy Ski Lifts and Western Resorts, Inc.

Phase I of the proposal included construction of a ski lift from Stockton Flats to Devil's Backbone, to be known as Lift 1-A. Phase II of the plan proposed development of the Summit area, which is one of the few areas in southern California with an elevation of 10,000 ft. that is not classified as National Forest Wilderness.

Bauer noted that Lift 1-A and the two related ski runs conform to plans developed by the Forest Service more than 10 years ago in response to the need to provide for future expansion of winter sports at the higher elevations outside of established Wilderness areas.

Studies made by the Forest Service and the California Department of Fish and Game showed that with proper safeguards, Lift 1-A could be constructed and operated without significant disturbance to the Bighorn sheep as long as use is confined to periods when natural snow is of sufficient depth to allow

## Caverns bought by state

SACRAMENTO -- The purchase of 5,140 acres of land at Mitchell Caverns State Reserve in San Bernardino County was announced by William Penn Mott Jr., Director of the California Department of Parks and Recreation. The land was purchased from the U. S. Bureau of Land Management for \$13,840 under the Recreation Public Purchases Act.

Prior to the purchase, Mott said, the park consisted of 98 acres. It contains the unique limestone caves, historical exhibits and displays, six class C family campsites and interpretive trails. This additional acreage eventually will be developed for family camping and interpretive trails.

In addition to this purchase, the State Public Works Board has approved the purchase of 640 acres of school lands from the State Lands Commission for \$24,000. This will leave only one small inholding in this high desert park, which the department hopes to acquire eventually.

Although Mitchell Caverns is only a small segment of the vast Mojave Desert, it is a miniature replica of the entire desert environment. At 4300 feet elevation, there is a milder climate than on the valley floor, but still warm in summer with the unique limestone caverns maintaining a constant year-round temperature of about 70 degrees.

The area bounds with many forms of plant and animal life that live together in complete harmony.

skiing at the base of the ski lift.

"Access for construction of the upper and lower lift towers will be done by use of existing roads. No new roads will be constructed. Helicopters will be used to transport materials for intermediate towers only during the period January to June when Bighorn sheep make little use of the area," Bauer stated.

Additional conditions of the Forest Service permit

stress protection of the environmental quality of the area and power lines will be placed underground. The new lift will operate only during the winter ski season as an extension of the existing Baldy Notch facilities located on the Angeles National Forest portion of the ski area.

Bauer added that the decision on this new lift has no bearing on the future of a proposed gondola to the summit of Mt. Baldy. The future of winter sports facilities on Mt. Baldy will be determined only after further studies are completed which may take several years and the public has been involved.

# GRAND OPENING

Before we could even say 'Grand Opening', 23 McKeon apartment homes were sold. So come on out to Villa La Verne before the word gets out.

It's not surprising.

Take a look at these beautiful 2-bedroom apartments yourself and you'll find it hard to believe that you can buy one for just \$15,500.

To make it even easier to af-

ford, you pay only \$500 down and \$121.58\* a month.

That modest amount buys you an apartment with double-thick walls, and nobody above or below you.

It has a built-in electric kitchen.

Air-conditioning.

Wall-to-wall carpeting.

And your choice of decorator colors.

At Villa La Verne, you can enjoy all the benefits of home ownership and none of the drawbacks. You get to deduct taxes and interest from your income tax.

But you don't have to worry about exterior maintenance and gardening, because it's all done for you.

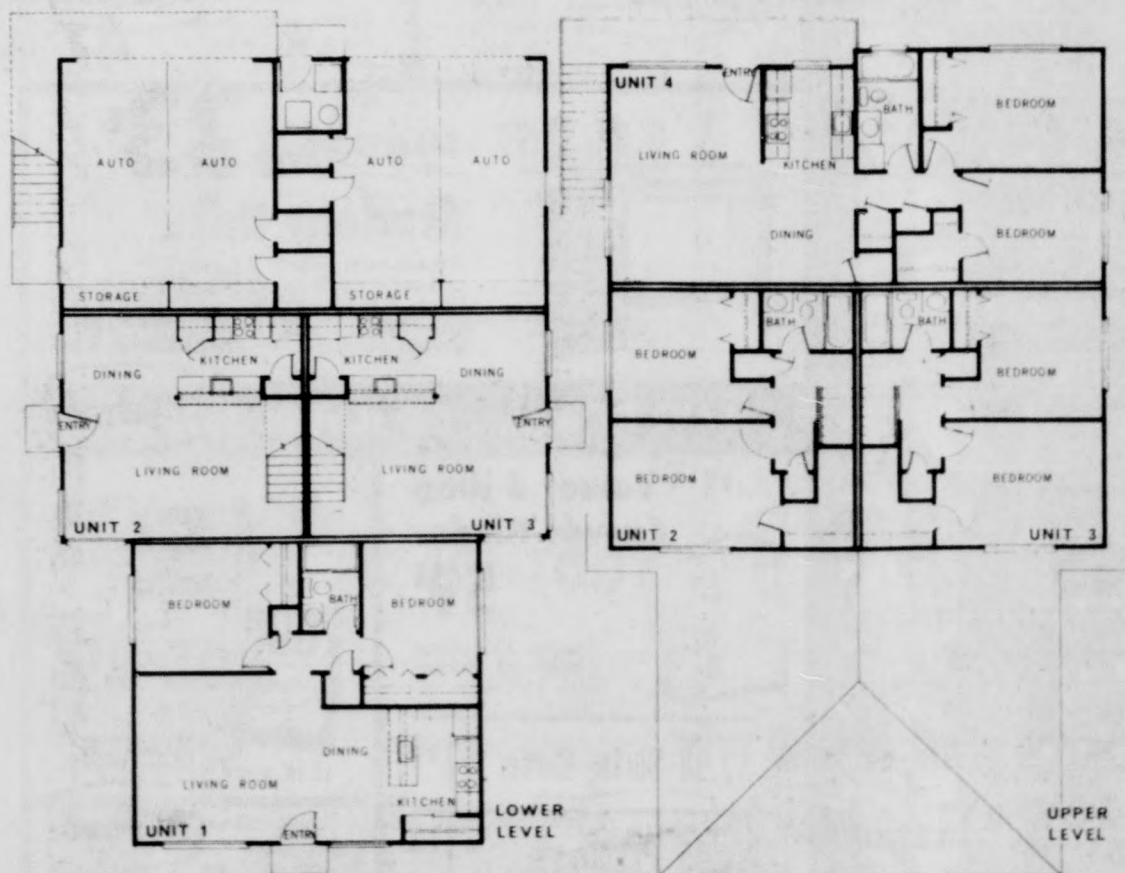

While you relax by the pool.

Each Manor House has four apartments, with garages for all and a laundry room.

You have your choice of four floor plans.

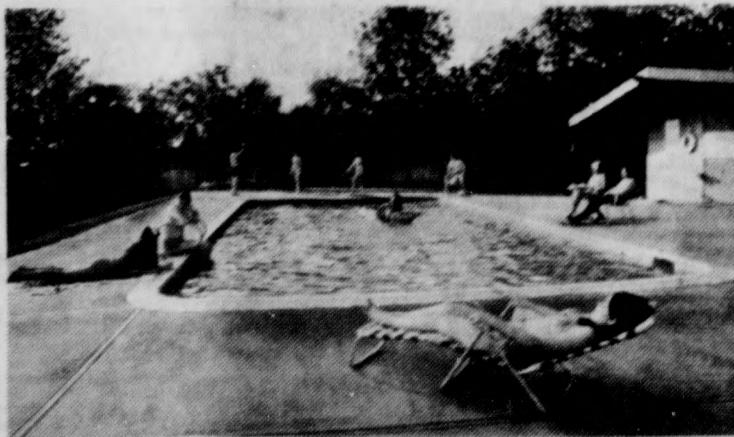

But you won't have that choice for long, the way they're selling now.

With everything they have going for them, it's not surprising they're going so fast. So better drive out right away, anytime between 10 a.m. and 6 p.m.

Cash Price	Down Payment	No. of Monthly Payments	Monthly Payments	Annual Percentage Rate
\$15,500	\$500	360	\$121.58*	9.25

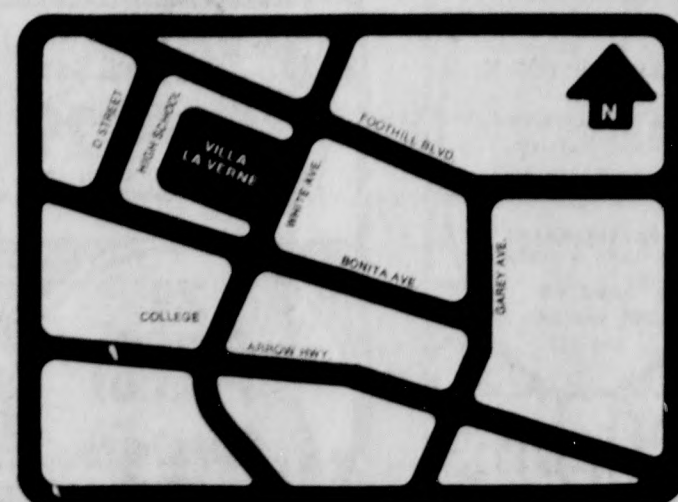

\*Monthly payments of \$121.58 plus taxes and insurance of approximately \$32 per month. Additional Homeowners Association dues of \$14 each month cover gardening, exterior maintenance, pool and all water. FHA financing.

Take White Avenue, one block south of Foothill Boulevard. La Verne. Then take things easy. Phone: 593-4617.

# Salmon scores for summer

Want to be liberated? Freed from the what-to-fix-for-dinner dilemma? Then join the movement for marvelous meals. Serve salmon for supper tonight.

The smart shopper recognizes the added advantage of purchasing the succulent salmon in ready-to-cook form. Not only is a large dressed fish more economical, it also offers infinite menu variations. Have it cut into steaks and fillets, leaving a portion in chunk form. You then are ready to prepare 3 distinctive dinners — Country-Fried Salmon and Tomatoes, Shipmates' Salmon and Salmon Chunk Supreme.

## COUNTRY-FRIED SALMON AND TOMATOES

- 4 fresh salmon steaks (8 or 10 ounces each) \*
- ½ cup evaporated milk
- ¾ cup dry bread crumbs
- 2 tablespoons poultry seasoning
- 4 slices bacon, cut in half
- 2 large ripe or green tomatoes, cut in half
- Toast points

### Gravy:

- 2 tablespoons all-purpose flour
  - 1 cup evaporated milk
- Dip steaks in milk and then in mixture of crumbs and poultry seasoning; allow coating to dry slightly.

In large fry pan, fry bacon till crisp; remove from pan and drain on paper towels. Fry steaks in bacon fat over medium heat for 4 to 5 minutes or until golden brown. Turn carefully. Fry 4 to 5 minutes longer or until steaks are brown and flake easily when tested with a fork. Remove carefully to hot serving platter; keep warm. Cut out stem ends of tomatoes and cut in half crosswise; dip in remaining crumbs. Fry in bacon fat till tender, turning once. Arrange tomatoes on toast points on platter with salmon steaks. Blend flour into pan drippings. Stir in milk; cook, stirring constant-

ly, until mixture boils and thickens; season to taste. Spoon gravy over tomatoes and top with bacon. Makes 4 servings.

\*Or use frozen salmon steaks, thawed.

## SHIPMATES' SALMON

- 1 cup parsley or fresh dill weed or mixture of both, large stems removed
- ¼ cup chopped fresh mushrooms (about ¾ pound)
- 2 tablespoons Italian-style dressing
- 2 salmon fillets (about ¾ pound each), fresh or thawed frozen
- Salt and pepper

### Sauce:

- 3 tablespoons butter
- 1 small cucumber, peeled and chopped
- 2 tablespoons lemon juice, freshly squeezed

Cover bottom of a large fry pan with parsley. Sprinkle onions and mushrooms over all. Drizzle with salad dressing. Place fillets on top, skin side down. Sprinkle generously with salt and pepper. Cover tightly and steam over medium heat for 5 to 10 minutes or until fish flakes easily when tested with a fork. Carefully remove fish to a warm platter. With a slatted

spoon, lift out vegetables and arrange around fish. Meanwhile, prepare Sauce: In a small saucepan, melt butter and cook over low heat till golden brown. Stir in cucumber and lemon juice; heat 1 minute. Serve with salmon. Makes 4 servings.

## SALMON CHUNK SUPREME

- Salmon chunk (about 3 pounds)
- Cooking oil
- Salt and pepper
- 2 tablespoons chopped onion
- 2 tablespoons chopped green pepper
- ½ cup chopped celery
- 3 tablespoons butter
- 2 cups frozen Southern

style hash brown potatoes, partially thawed

1 can (4 ½ oz.) deviled ham

Place salmon in large, well-oiled baking pan. Brush salmon with oil, season with salt and pepper. In medium fry pan, cook onion, green pepper and celery in butter till tender. Combine potatoes and deviled ham. Stir into vegetables in fry pan and heat slightly. Pack potato mixture into cavity of salmon chunk. Bake, uncovered, at 350 degrees for 40 minutes or until fish flakes easily when tested with a fork. 6 to 8 servings.

Sniffles, a 5-year-old Terrier, is all business when it comes time to charge a purchase. A resident of Highland Park, Sniffles is one of Bank of America's better customers. In addition to holding a BankAmericard, Sniffles has a checking account and a substantial savings account.

## Area growers receive orchard heater permits

Applications for Orchard Heater permits for the 1970-71 season were recently mailed to growers. Permits are required for orchard users who need the frost protection they afford and are issued on an annual basis with November 1 the deadline for application.

New owners or growers of whom the office has no record, may obtain the forms to apply for permits from the Air Pollution Control District Office at the Hall of Records, 172 W. Third St., San Bernardino.

ed to prepare heating equipment for inspection as soon as possible after receiving application forms so that permits may be processed and mailed prior to any need for use of heating.

Separate applications and permits are required for heaters located on non-adjacent properties, whether under single ownership or management by a single caretaker.

Fees for each application are computed without regard to acreage covered by any other application submitted by the same person.

## Community leaders

New officers of the San Dimas Jaycees are pictured at their annual banquet, held at Pomona Valley Inn. From left are Jim Houts, state director; Danny DiRienzo, vice president; Rolly Heins, president; and Ron Skiby, treasurer. Not pictured are Larry Knapp, secretary; Jim Roadhouse, a vice president; Jack Snell and John Lappen, directors. Hein served as state director last year, and won an award for outstanding achievement in the U. S. Jaycee organization. Under his leadership, plans call this year for a schedule of projects connected with the city's beautification program.

In the United States an amateur loses his status when he accepts money for his athletic services or performance. He is also disqualified if he sells or pawns any trophy won in an athletic contest.

## For Sniffles--it's a dog's life--and isn't it nice?

It's not every day a dog gets a credit card, but Sniffles is no ordinary dog. While most canines are content with an occasional bone to bury, Sniffles counts as her possessions an honorary Doctor of Laws degree and the chairmanship of a nonprofit foundation dedicated to children and wildlife.

So recently, impressed with her credentials, BankAmericard officials issued a shiny new credit card to the 5-year-old

Scottie at her request. It was not the first time Sniffles has cracked the human world of finance as her name is on a B. of A. checking account, a substantial savings account, and a court-issued card which the bank gives its best customers. Sniffles began her career as a watchdog for the Pacific Institute of Advanced Studies and plunged to prominence a few years ago when a nonprofit foundation was formed in her name.

Based in Highland Park, it seeks to aid animals, help man himself, and conserve the world's natural resources. The canine chairman's full legal name is "Sniffles -- A Dog-type Person. The foundation's board of directors includes seven other members -- all homosapiens. It was officially incorporated under California law in May 1968.

In a letter addressed to her, a B of A branch manager wrote: "We are

contacting our top management as to parking facilities with the request that a gold-plated fire hydrant be installed in our parking lot for your convenience. I am expecting a favorable answer. In the meantime, please do not hesitate to call on us when you are ever in need of any one of our many services. We might even be interested in financing a dog house for you if and when our money situation eases."

Individuals selected as members of this unit will be given their choice of vocational training prior to enlistment and attend basic training together.

Men interested in becoming members of this squad should immediately contact SFC Don Furth at the Army Recruiting Station, or telephone (714) 621-4219.

## 'Go ahead' given on Cal Poly roject

A remodeling project that will increase the classroom capacity of California State Polytechnic College, Kellogg-Voorhis, Pomona by 18 per cent has been given the official "go-ahead" by the office of the chancellor of the California State Colleges. It was announced this week by Dr. Robert G. Bonde, executive dean of the college.

The authorization of

plans to convert the college's old library building, vacated when the new \$4.2 million college library was completed, means that within the next three months the conversion will be under way to provide classroom space for 1,400 students; office space for 50 faculty and staff, including the dean of the School of Arts; facilities for the Audio-Visual department and the television services; and a language lab.

According to Bonde, the state's office of architecture and construction will advertise for bids next month and award the construction contract. The remodeling work will probably be started early in fall quarter, Bonde estimates, and the building should be ready for occupancy the first part of 1972.

A federal grant for \$750,000 has been obtained for partial funding

of the project from the Department of Health, Education and Welfare.

"In this tenuous period of rising enrollment and construction costs, and of falling appropriations for building expansion, the funds for this project, in proportion to the return in terms of the number of additional students who can be accommodated, makes this a wise and rewarding investment," Bonde noted.

## Quarterbacks' club organizing

Here's your chance to be a quarterback.

Anyone interested in Cal Poly football is invited to attend the first meeting of the Bronco Quarterbacks, noon, Monday, Sept. 14, at Orlando's Restaurant.

This is something we've wanted to get the general public to participate in Cal Poly football," Bronco head coach Roy Anderson said, in announcing the Quarterbacks' first meeting.

Anderson plans to share his team's scouting report on Cal State Fullerton -- Poly's first opponent on Sept. 19, and show films of last year's team, with the Quarterbacks. Members of Anderson's staff and possibly a couple of Bronco players also will attend the meeting, which will become a weekly event if there's enough interest. In order to make necessary arrangements it would be helpful if anyone planning to attend the first meeting on September 14 would call the Athletic Director's Office (Ext. 430) at 714-595-1241.

# Square dancers receive their own week by proclamation of governor

Square dancers -- take note! September 6-12 has been proclaimed Square Dance Week by Governor Ronald Reagan. It will be celebrated in 20 other states, as well as in Japan and Canada.

## A lot of grills

As of December 31, 1969, there were 2,300,000 gas grills in use in the United States. One million are expected to be sold in 1970.

Square dancers are now working with the American Legion to get legislation making square dancing the national dance in time for the United States' Bicentennial in 1976.

The dance has come a long way since old time barn dances and draws participants from many backgrounds and occupations with pre-teen, teen, single and adult clubs in almost every area. No

intoxicating drinks or rough dancing is allowed at dances under sponsorship of the Western Square Dance Association which is comprised of clubs from the San Gabriel Valley and surrounding area.

Some 17 associations in California promote and standardize the pastime and assist clubs with any questions or problems. Each association has a board elected to hold of-

fice for a predetermined period and is elected from clubs within that association. Each club has its own elected officers and a representative to the general association meetings which are held regularly and which are open to anyone wishing to attend.

In this area, the association is called Western Square Dance Association and is comprised of clubs from the San Gabriel Val-

ley and surrounding area. It was formed in 1948 by a group who foresaw the growth of the dance as a recreational activity and realized the value of coordinated effort to provide facilities and surroundings for maximum enjoyment of the pastime. Other associations have since been formed in California and the representatives meet every 3 months in council to further coordinate activities in California.

No charge has ever been made by WSDA of its member clubs, proceeds from semi-annual Jamborees providing funds necessary to operate the association and promote publicity in the valley.

Some of the advantages of dancing within an association are that it helps provide the most effective protection from anything which might prove detrimental to dancing, helps bring about improve-

ments and a means of providing callers, music and facilities; and helps to adopt definite standards which provide active, aggressive and responsible clubs of a high caliber which in turn benefit the general square dancing public.

By withholding membership from clubs which serve intoxicating beverages, the association has preserved complete sup-

port for their groups of church, PTAs, civic organizations and school authorities.

Jamborees and special events made possible by the cooperative action of many clubs give the individuals the opportunity to enjoy dancing in a much larger group and to many different callers. These events also provide an opportunity to make new friends in square dancing.

## New office for P&R dept.

SACRAMENTO -- The State Department of Parks and Recreation has announced that address of its District 6 office has been changed from San Clemente to 1350 Front St., San Diego, Ca. 92101. Hours for the information desk are 7:30 to 5 p.m. with telephone (714) 235-6140.

## Water rate stays same

The Board of Directors of the Metropolitan Water District of Southern California voted to maintain the present property tax rate of 17 cents for each \$100 of assessed valuation for the 1970-71 fiscal year.

The District's budget is slightly larger this year than last and it will be spending \$100 million on facilities to distribute northern California water to its 26 member agencies this year, total program to cost more than a billion dollars.

The first northern water is scheduled to arrive at Castaic Reservoir late next year and facilities now under construction will be completed so that deliveries of the water can be made in Los Angeles and Ventura counties at that time.

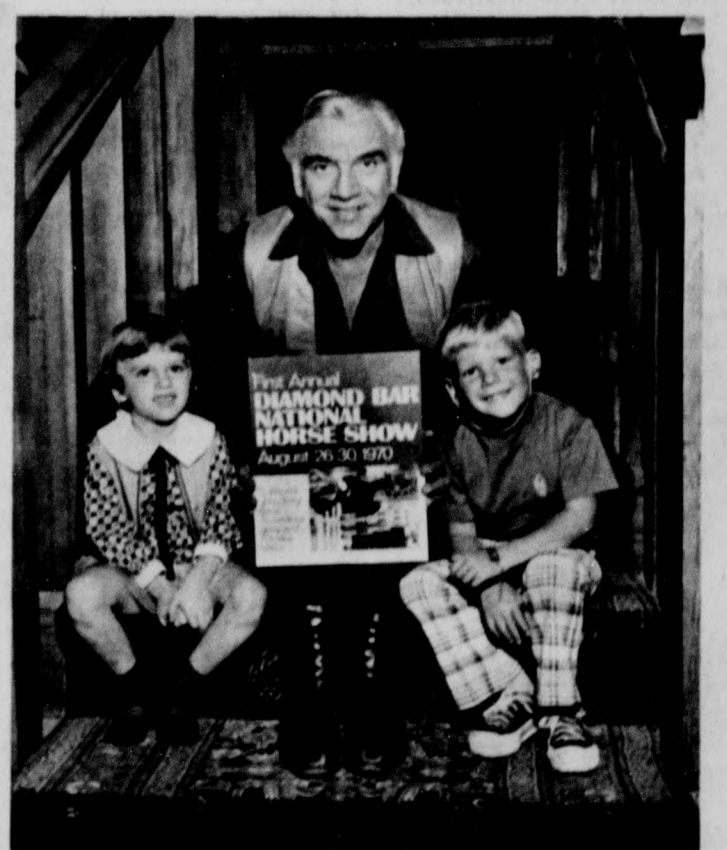

## Station will broadcast from fair

One of the most popular booths at the L. A. County Fair in September will be the Cal Poly radio station, KCPK, broadcasting live with "on-the-spot" interviews and disc jockey format.

Located in the middle section of the Agriculture Building, KCPK is the only student radio station at the fair. It normally operates on the Cal Poly campus and is piped to the dormitories. This will be the second year for it to move its operations to the fairgrounds. The college station provides facilities for students to develop skills in radio broadcasting.

A spin-a-choice wheel for selecting records you wish will be an additional feature at the booth this year. A wireless microphone will enable student interviewers to give passers-by a chance to "speak into the microphone" with their views. Two phone lines in the booth will be open for callers with questions about Cal Poly and the student radio station.

Bill Carlquist, Executive Producer, Ed Kaufman, General Manager, and many other Cal Poly students will man the booth from 9 a.m. to 10 p.m. each "Fair" day, Sept. 18 through Oct. 4.

Actor Lorne Greene welcomes John Tracy Clinic youngsters Terri Chappell and Danny Frohman on the set of "Bonanza" to call attention to the first annual Diamond Bar National Horse Show August 26-30 at The Country in Diamond Bar in the eastern San Gabriel Valley. Proceeds from the five-day charity event will be shared by Tracy Clinic and Assistance League of Pomona Valley for their work with deaf and hard-of-hearing children and their parents. Greene is honorary judge of the show.

## Spanish tape art cassettes

LOS ANGELES—Spanish tape recorded talks will be provided for all major exhibitions at the Los Angeles County Museum of Art, it was announced by Kenneth Donahue, Museum Director. Spanish tape cassettes will be made with the co-operation of the major Spanish language media in the Los Angeles area. Donahue said that television stations KMEX and KTLA, radio stations KALB and KWKW, as well as the newspaper La Opinión, are providing translators and speakers for this new program.

"We have two major goals that we would like to achieve through these Spanish tapes. First, is

a sincere effort to make this Museum more accessible and meaningful to the more than one and one-half million Mexican-Americans living in Southern California. And, secondly, we are becoming increasingly aware of the great number of Latin American visitors and we would like to help make their stay with us more enjoyable."

Donahue emphasized the desire to make the museum more available to various communities and said not only does it contain the heritage of all people, but it belongs to all citizens.

The Museum of Art has a long established English language tape recorded

program prepared by members of the Docent Council on cassettes rented for nominal fees at the entrance to most major exhibitions.

The taped talks give background information on the artists as well as the styles involved in a particular exhibition. The recorders have ear attachments, volume controls and on-off switches so that the listener can stop any time he wants to wander and look by himself.

Arrangements have now been made to have all of the scripts translated into Spanish, the first two of which may be heard with current exhibits.

# THERE IS STILL TIME TO REDUCE FOR SUMMER

"I'm Really Enjoying This Summer Now That I'm Down

From A Size 14 To A Size 7," Says Santa Monica Woman.

"Before I began my Pat Walker program, I weighed 141 pounds — now I weigh 119. I wore a size 14 dress. My new swimsuit is a size 7. I was simply unable to lose weight and inches on my own," continues Nancy Murphy of Santa Monica. "I am actually wearing a smaller size now than I did when I was 14 years old. And I feel so much better, too. My husband and my family are almost as proud of my new figure as I am. This is one summer I am really enjoying now that I can wear anything I want!"

In this photo, Pat Walker poses with Nancy Murphy after she has lost a total of 41 inches and 22 pounds. Mrs. Murphy lost 5 inches from her underbust, 4 inches from her waist, 9 inches from her thighs and 4 1/2 inches from her abdomen, for a total overall loss of 41 inches. Mrs. Murphy, a nurse by profession, appreciates the value of good health and a slim, trim figure. "I feel better and look better than I have in years," she states. "I can't over emphasize the wonderful feeling of being a size 7 — and really enjoy swimming this summer now that I have my new Pat Walker figure!"

## Road upgraded

DIAMOND BAR - The County Board of Supervisors has authorized the improvement of a 640 linear-foot section of Diamond Bar Boulevard northerly of Pathfinder Road in the Diamond Bar area.

The work will consist of extending the pavement to join the curb and gutter recently constructed under County permit by the owner of the adjacent property.

"The completed work," Supervisor Bonelli remarked, "will increase safety and traffic capacity, improve roadway drainage and generally add to the operational efficiency of this section of Diamond Bar Boulevard."

## Walnut recreation rundown

WALNUT -- The final all playground program of the Walnut Valley School District was held recently at Castlerock playground. Events held during the day were primarily to determine champions in 7-10 and 11-13 age groups of both boys and girls and to declare winners of competitive points accumulated during the summer 1970 program.

Over 150 children attended the program and the directors provided a big hot roast with cold drinks, watermelon and extras.

The afternoon finale saw the game determining Junior Softball championship, won by Evergreen, who was winner last year, too. Evergreen defeated Walnut in a 14-11 free hitting slugfest.

In the final game, a real pitcher's battle, Evergreen took an early lead with a 3-0 which was tied by Castlerock in the second. Castlerock then took a 5-4 lead, going into the fourth, and broke the game open with 3 runs in the top of the fifth to win the championship at 8-4.

Movies were shown to all boys and girls during the afternoon as a special treat.

Playground champions for the year 1970 were: Shawn Loggins and Mary Morrison in the 7-10 age group and Scott and Pam Stowell in the 11-13 age group. Each received a handsome trophy.

Winners in other events were: Ping Pong - Keith Yamashita and Shawn Loggins, boys, and Mary Morrison and Michele Reed in the 7-10 group; Ken Czarniecki and Scott Stowell, Pam Stowell and Romona S. in the 11-13 age group.

Maize: Shawn Loggins, Walter Hedegard, Susan Holland and Mary Morrison in the 7-10 age; Scott Stowell, Greg Yamashita, Pam Stowell and Mary Whiting in the 11-13 age.

Table Golf: Jamie Morrison and Dan Spitzer; Tracy Wright and Jeannie Yamashita in the 7-9 group; Scott Stowell, Mile Holland, Joan Spitzer and Pam Stowell in the 10-13 bracket.

Checkers was won by Dennis Willard and Shawn Loggins; Paige Vallance and Leslie M. in the 7-9 group; Scott Stowell and Robert Greer, boys in the 10-13 group and Mary Whiting and Pam Stowell in the older girls.

Chess in the younger group was won by Bimie Glenn and Mike Glenn, Mary Morrison and Leslie M. with winners in the older group Larry Desoto, Scott Stowell, Pam Stowell and Debbie M.

Winners in various classifications were presented ribbons and winners were also declared in crafts of paintings, paper creations and "all medium creations."

Over 91 children went on the all day program at Puddingstone Dam in the Walnut Valley Unified School District Summer Recreation program and children enjoyed swimming, shore fishing, or fishing from one of the two boats provided.

The children brought a lunch and the district provided cokes for this final program.

## 'Summer '70' slated this week

"An outstanding example of organization--no other area in the State has exhibited this to a greater degree than the San Bernardino County Summer Youth Employment Program."

This statement by Richmond K. Mallory, the Governor's Executive Director for Summer Youth Employment, sums up the success of a program that exceeded the stated goal of hiring 1600 youths by nearly 400 percent. He added, "the San Bernardino County coordinated

team effort shows what can be done when all segments of a community work together."

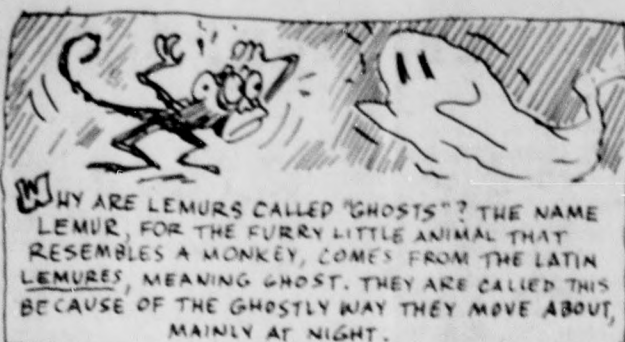

Mallory, along with Lt. Governor Ed Reinecke, members of President Nixon's Council on Youth Opportunities and other Federal, State and Local officials will be on hand August 29, at Lytle Creek Park, San Bernardino to congratulate employers and task force members. Remarks by Reinecke will precede an afternoon of free entertainment featuring The Bunions Bradford Band presented by Bill Cosby, Rosey Grier, Stu Gardner and local bands.

Twelve of the country's top musicians make up the

"Bunions" band. Organist Stu Gardner is accompanied by instrumental stars such as Monk Montgomery, bass; Sticks Hooper, drums; Arthur Adams, guitar; among others equally well-known throughout tin-pan alley.

An estimated 7000 people are expected, and Robert Marr, Executive Secretary for the "Hire Youth" program, reminds you to "come early for the best parking, and see the whole show."

Parking spaces will be available at Lytle Creek Park, Mill and 'K' Streets, and also at Richardson Junior High School, across the street.

## Wedding bells

### Marriage rites held

LA VERNE -- In an afternoon ceremony performed by the Very Rev. Msgr. William J. Barry at Our Lady of the Assumption Church, Claremont, Miss Linda Sue Button became the bride of Lawrence Edward Souza.

The bride, daughter of Mr. and Mrs. Orville Button, Pomona, wore a gown of peau de soie, with a bodice of applied lace, high lace neckline and bell sleeves. A lace and pearl garland held her fingertip illusion veil.

Miss Diane Button served her sister as maid of honor. Bridesmaids were Mrs. Dale Birlind, Miss Chris Russell and Miss Lori Souza, the sister of the groom.

Sidney Sanchez was flower girl, and Ronald Thompson was ring bearer. Altar boys were Sean and Patrick Barclay.

The groom, son of Mr. and Mrs. Edward Souza of Tehachapi, chose Joel Garcia as best man. Ushers were Mark Button, brother of the bride, Larry Smith and Todd De-Mitchell.

The bride's parents were hosts at a garden reception following the rites.

The newlyweds now reside in Pomona, following a honeymoon in Carmel.

Mrs. Lawrence Souza

A graduate of Pomona High School and La Verne College, Mrs. Souza will teach at Grace Miller School, La Verne, this fall. Her husband, also a La Verne College graduate, is a teacher at Ramona Intermediate School in La Verne. He will coach football at Bonita High School this fall.

## Art group forms new association

UPLAND--Twelve Pomona Valley artists have formed a cooperative association and will operate an art gallery in Claremont, opening September 1. To be known as Gallery 333, it is located at 333 Bonita Avenue, just east of Indian Hill Boulevard, and will be open to the public from 10 to 5, Monday through Saturday.

The twelve, whose work is shown widely in southern California and elsewhere, are Dora Eudey, Upland,

president; Withy Hathaway, Pomona, secretary-treasurer; Janet Johnson, Pomona, Gallery chairman.

Other members are Freda Jaeger, Claremont; Dorothy Downing, San Dimas; Vera Tyson, La Verne; and Joe Henry, Dana Henry, Louise King, Sally von Stetten, Orion von Stetten and Vera Wise, all of Pomona.

Purpose of the group is to stimulate interest in art forms and to offer high

quality art work at reasonable prices. Members work in many media, including oil, water color, collage, silk screen, stichery, weaving, ceramics and jewelry. Hand crafted boutique items will also be offered.

Exhibits will be changed frequently to offer variety and interest. Special events are also planned such as demonstrations in different media, garden exhibits, and "paint-outs." Receptions will be given to meet featured artists. All will

be free to the public.

A special display area will be used to feature the work of one member, on a rotating basis. Featured artists for the opening exhibit will be Orion and Sally von Stetten, only husband-wife team in the group. They provide a contemporary style approach to various media. Their display will include a wood assemblage by Orion and stichery and weaving pieces by Sally, illustrating her fine arts approach to these media.

# RH school board, parents tangle

ROWLAND HEIGHTS--Approximately 120 irate parents attended the Thursday night meeting of the Rowland Unified School District board of education to voice their protests on two controversial issues on pupils and programs within the district, losing one and winning one.

A large gathering of Mexican-American parents voiced discontent over the hiring of Thomas A. Casso as director of the bilingual and bicultural education program to be instituted at Northan and Villa Corta elementary schools in the fall. They lost.

Residents in the area east of Fullerton Road, south of Colima Road and west of Desire Avenue, were on hand to object to the proposed deletion of bus service to children in that area. They won; the board retained the service.

The bilingual program is financed by a \$82,000 federal grant and will involve about 60 students. Ralph Rangel, 303 Baham Ave., La Puente, was among the Mexican-Americans invited to participate in the screening of applicants for the director position, by Forest Dunbar, associate director of government projects.

**BILINGUAL**  
Rangel stated that the main criteria for the position was that the applicant be fluent in both Spanish and English, yet at the time of the screening July 24, at least one could not speak Spanish. Dr. Stanley Oswalt, superintendent, replied that the purpose of the screening was to determine qualification of the applicant and that "I don't believe that you're speaking of the man recommended before this board."

Mrs. Elga Rangel assured Oswalt that no one was questioning capabilities of Casso but rather that the selection and principle behind it was under attack. She accused the district of "playing games" and underestimating the Mexican-American community because the decision had been made and their recommendation was to no avail.

Mrs. Dora Guzman of 541 Wickford Ave., La Puente, said, "Why can't we get a man in this community? Aren't there any smart men in this community? Why must we get an outsider? Can't we have someone who's familiar with people and the area? Who was on the advisory board for title one and title seven? Those were supposed to be separate boards and were not."

**'WHITEWASH'**  
Mrs. Rangel is secretary for the Organization of Mexican-American Communities said, "The bilingual program is beautiful and we're not knocking it but this (selection) is a whitewash and we're going to tread on toes... We don't want to tread on toes with programs that will benefit the people. But can we work with half-truths?" Oswalt assured the audience that a prior decision had not been made in regard to the selection and therefore neither state officials nor any others could have had any knowledge of the proposed appointment.

"The board wishes to draw the separate findings of various groups together, weigh them, and come up with a decision -- hopefully a good decision. I don't want you to feel that your participation or that of any others in the Mexican-Am-

erican community is going unnoticed," said Paul Herman, board chairman.

Robert Flores, a teacher in the Rowland District for over 12 years, was the selection of the screening committee. He will become principal of Westmont School in Pomona Unified School District effective Sept. 1.

Casso, formerly with the Artesia-Bloomington-Carminia school district, was unanimously

approved by the Rowland board for employment.

The controversial five-foot-wide Alvarado walkway was the target of heated discussion between parents of 300 Rowland High School students who will be denied busing service this fall and the board and administrators.

The service was to be eliminated for reasons of economy because students using the walkway

would not exceed the two-mile limit necessary for busing.

A seven member committee composed of representatives from the Rowland Unified District PTA Council, Junior Woman's Club, Kiwanis Club and the Chamber of Commerce, made the recommendation for discontinuance.

**INCIDENTS CITED**  
The principal concerns of the parent group were

safety hazards, drug peddling, fighting and molestation, lack of lighting, liability in case of injury or other incidents. They also felt the measurement of the distance was deliberately selected as the shortest possible route and did not include traversing private property.

Donald M. Wickert, assistant superintendent-administration division, reported other districts do not provide home to school transportation and that those who do use the two-mile or more measurement and that basic responsibility for this is with the home as it is not a mandatory service.

Possible alternatives to the problem would be to change the minimum walking distance, reallocate responsibilities for evaluating hazards to the board instead of the administration, provide full-time supervision in the walkway, or establish charter bus runs.

**MOST EXCEED LIMIT**  
One resident of the area countered that with the exception of 30 homes south of Aquiro Street, being built on Sierra Leone, all homes in the area exceed the two-mile limit. "I have listened this evening and don't believe you are concerned about our children and

their safety," said Mrs. Kathy Van DenBrink. "You don't care about the judgment of the public."

Herman replied that they were indeed concerned as they were doing a job for which they got no pay and were involved in a job which had prolonged itself to 1 a.m.

Member Phil Anderson sided with protesting parents and said "I can't put the price of safety on a child's head... I think we should do everything in our power to prevent hazardous situations for students within the district."

The board unanimously passed the motion with the second of Vernor Cress Jr.

**SAFETY HAZARD**  
Oswalt then suggested an exception to district policy to declare disuse of the walkway which was unanimously passed upon motion by Anderson.

Mrs. Forrest McGee then said, "This board and administration has to consider the safety of each child in the Rowland School District now that you've made this exception for one area."

The board then directed the administrators to establish a 6-member committee to study safety hazards throughout the district.

The meeting which began at 7:30 adjourned at 1:44 a.m.

### Academics

A record-breaking 651 undergraduate students at Cal Poly, Kellogg-Voorhis, were honored by having their names placed on the President's Honors List for the 1969-70 academic year.

Included were Phyllis L. Johnson, Robert P. Jones, Charles Shumate and Bill Thompson of San Dimas; and Janise E. Hesse of Charter Oak.

A survey conducted by the Pomona Valley Humane Society on how people learned of their last Sunday's Cat Show, shows the weekly papers are read.

Out of 1,533 adults surveyed, Bonita Publishing Co. rated 311 who had read it in our papers. Radio and TV ranked up 117 and those who were driving by accounted for 300.

Bruce Richards, the officer in charge, said the show was popular and the proceeds will go to benefit the animals in the area.

## Walnut dirt removal irks home owner

WALNUT - Paul R. Kirby, 20550 Buckland Dr., protested to the City Council Wednesday night about receiving two letters requiring him to reconstruct the slope behind his home and also to remove his property from Collegewood Avenue.

The council would not discuss the matter, but invited Kirby to sit down with the city engineer to talk over the engineering problem.

Kirby spoke to the council during oral communications. "The letter

refers to my property in the street below," he said. "How much of the dirt in the street below belongs to me?" he inquired. It has been stated here at council meetings that the dirt should not be moved.

Kirby moved into the home in November 1968, just two months before the heavy rains caused slopes to slide down into Collegewood Avenue.

Kirby said that the adobe soil between his patio and the chain link fence has dropped three inches.

"Where does the liability fall?" he asked.

Both letters sent to Kirby and signed by City Engineer E. J. Epperson and City Attorney Sam Siegel, inform him that in

August 1969 the city sent him a letter indicating the slope failure in the rear of his property was adversely affecting safety, stability, and use of his building site.

The letter further stated that another result of the failure of the slope was damage and blockage of the public right-of-way.

Besides reconstructing his slope Kirby must make provisions for removal of "his portion of the property" lying on Collegewood Avenue, the letter said.

During the slides of January 1969, the slope failure occurred on Kirby's property and that of Donald Self, 20556 Buckland Dr. The Selfs moved out of their home after the slide.

The first letter states that Kirby must complete the work within 30 days. The second letter says Kirby must "substantially commence the correction and show satisfactory progress within 30 days." Failure to comply may cause the city to commence criminal or civil proceedings, the letter warned.

One letter said that the city was aware Kirby had taken certain remedial measures to alleviate the danger of further slippage and damage, but inspection disclosed Kirby's failure to comply with the earlier order and the condition still existed.
